1. The following is an examiner's statement of reasons for allowance:

The limitation of a digital frequency synthesizer comprising a frequency source that provides a selected one of a plurality of frequency patterns based on a frequency selection input; and a digital-to-analog converter that receives a delta-sigma modulated signal associated with the selected one of the plurality of frequency patterns and converts the delta-sigma modulated signal to a corresponding analog signal further comprising a switching system coupled to receive the selected one of the frequency patterns as an M-bit signal and to provide an N-bit signal, where M is greater than N is greater than or equal to 1 is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
